

**REMARKS**

***Specification***

The specification is amended to correct minor typographical errors. No new matter is added.

***Publication of Issued Patent***

Applicant notes that the second sentence in paragraph [106] of specification as originally filed recites, "The first 4 glass compositions formed clear and homogeneous glasses, while the last compositions ( $Y_2O_3 = 8 \text{ mol}\%$ ) crystallized during casting." In US 2007/0053830, the publication of the instant application, this sentence omits " $8 \text{ mol}\%$ ."<sup>1</sup> Accordingly, Applicant respectfully requests that, when the instant application issues as a patent, this sentence properly includes " $8 \text{ mol}\%$ ."
